

THE YELL

Meet Our Summer Interns

Maddie Sumrow

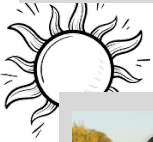

Maddie is from Dallas, Texas, and interning with Village will be her first time ever visiting Kansas City! She grew up attending Preston Hollow Presbyterian Church where she first became interested in the subjects of religion and theology.

She currently attends Vassar College in upstate New York where she studies religion and economics, planning on declaring her major in religion next fall. Maddie grew up playing all kinds of sports and currently plays rugby for the Vassar women's team. She also loves music, singing and playing guitar in her spare time.

Mark Early

Mark has been involved at Village since he was young; attending Sunday School then Middle and High School youth group. Mark went to Shawnee Mission South High School where he graduated in 2020. He is currently at Kansas State University studying Political Science, History, and Middle Eastern Studies. Mark's favorite hobbies are working out with friends and reading. When the weather is warm he likes hiking and fishing. Mark's Favorite memories from Village include a mission trip to the Dominican Republic, the annual ski trip, and playing in a humorously large apple with his older brother Joe as a preschooler.

Sophia Thuenemann

Sophia is a junior at Kansas State University studying Human Development and Family Science with minors in Leadership, Conflict Resolution, Well-Being, and Pre-Marriage and Family Therapy. She loves to be

involved in the communities that she is a part of, and especially the Village community. Her favorite parts of being involved at Village have been the opportunities to mentor the youth students and the trips that she has attended. She says that the community has provided her with her best friends and most fulfilling and fun stories and is excited to get to invest and contribute to the community and youth department for another summer!

Kennedy Krumm

Kennedy got involved in the youth program at Village when she was a 7th grader. She was a youth intern in 2021, and after graduating with a degree in Psychology from the University of Arizona in May 2022, she is back with the youth department as a yearlong intern. Kennedy thinks one of the most special things about Village is the annual spring break service trip to the Dominican Republic. Kennedy's top 5 favorite things include spending time with her family, traveling, knitting/crocheting, audiobooks, and Mr. Tayto.
